County of Los Angeles Fire Department Proclaims Fire Prevention Month - October 2015

What You Need to Know

www.fire.lacounty.gov

October is Fire Prevention Month...
HEAR THE BEEP WHERE YOU SLEEP
EVERY BEDROOM NEEDS A WORKING SMOKE ALARM!

**PROTECT
YOURSELF
AND YOUR
FAMILY TODAY**

Every year during Fire Prevention Week (FPW), the National Fire Protection Association (NFPA) sounds the alarm about keeping our homes and our kids safe from fire. FPW 2015, October 4-10, teaches kids the importance of having working smoke alarms in the home.

Location matters when it comes to your smoke alarm. Did you know that roughly half of home fire deaths result from fires reported between 11 p.m. and 7 a.m. when most people are asleep? That's the message behind this year's Fire Prevention Week campaign. "Hear the Beep Where You Sleep, Every Bedroom Needs a Working Smoke Alarm!"

Hear the **BEEP** where you **SLEEP**

Every Bedroom Needs a Working Smoke Alarm!

Fire Prevention Week Oct. 4-10, 2015

Half of home fire deaths happen between 11 p.m. and 7 a.m., when most people are asleep.

Install smoke alarms in every bedroom, outside each separate sleeping area, and on every level of the home, including the basement. Larger homes may need more alarms.

For the best protection, install interconnected smoke alarms in your home. When one sounds, they all sound.

Test alarms at least once a month by pushing the test button.

Some people, especially children and older adults, may need help to wake up. Make sure someone will wake them if the smoke alarm sounds.

Replace all smoke alarms when they are 10 years old or if they do not sound when tested.

When the smoke alarm sounds, get outside and stay outside. Go to your outside meeting place.

Call the fire department from a cellphone or a neighbor's phone. Stay outside until the fire department says it's safe to go back inside.

CHECK LIST

As a family, complete the Fire Prevention Week Checklist. If all boxes are checked, CONGRATULATIONS. If there are some boxes not checked, work together to help improve your family's safety.

- ☐ Do you have working smoke alarm on every level of your home?
- ☐ Do you have working smoke alarms inside every bedroom?
- ☐ Does a grown-up test your smoke alarms at least once a month?
- ☐ Do you know the sound of your smoke alarms?
- ☐ Are your smoke alarms less than 10 years old? (Look on the back of smoke alarms for the date. If they are more than 10 years old, you need new ones.)
- ☐ Does your family have a home fire escape plan?
- ☐ Do you know two ways out of every room?
- ☐ Does your plan have an outside meeting place?
- ☐ Does your family have a fire drill at least twice a year?
- ☐ Does everyone at home know how to call the fire department once they are outside?
- ☐ Do you get outside and stay outside if the smoke alarm sounds?

For more information about smoke alarms, visit
www.usfa.fema.gov and www.firepreventionweek.org.
